Summary

B.Tech Software Engineering graduate from Delhi Technological University with hands-on experience in business analysis, SQL, Excel, Power BI, and process analysis through projects in e-commerce, HR, and airline operations. Skilled in requirements analysis, KPI reporting, process improvement, stakeholder coordination, and data-driven decision-making.

Technical Skills

Business Analysis: Requirements Gathering, Requirement Documentation, Business Process Analysis, Process Mapping, Gap Analysis, Root Cause Analysis, Process Improvement, KPI Development
Stakeholder and Project Management: Stakeholder Management, Cross-functional Collaboration, Project Coordination, Agile/Scrum Fundamentals, Business Case Development, Workflow Analysis
Programming and Data Analysis: SQL (MySQL, PostgreSQL), Python (Pandas, NumPy), Data Cleaning, Data Transformation, Statistical Analysis, KPI Analysis
BI and Reporting: Microsoft Excel, Power BI, Tableau, Power Query, Pivot Tables, XLOOKUP, Dashboard Development, Data Visualization, KPI Reporting, Data Storytelling
AI and Tools: Generative AI, Prompt Engineering, Git, GitHub, Microsoft PowerPoint

Projects

E-commerce Business Performance Dashboard | *SQL · Power BI · Excel · Power Query* | GitHub

- Analyzed 50K+ e-commerce transaction records using SQL and Excel to evaluate revenue, profit, AOV, customer growth, product performance, and return trends across key business segments.
- Transformed and analyzed customer, product, and sales data using SQL joins, aggregations, CTEs, and Power Query to identify seasonal trends, underperforming categories, and regional performance gaps.
- Developed an interactive Power BI dashboard with Revenue, Profit, AOV, Customer, Product, and Return KPIs to support performance monitoring, business reporting, and data-driven decision-making.

HR Dashboard Analytics | *SQL · Power BI · Excel · Python* | GitHub

- Analyzed 80K+ employee records using SQL and Python to evaluate workforce trends, attrition, hiring patterns, employee performance, and department-level KPIs.
- Performed data cleaning, segmentation, and root-cause analysis to identify high-attrition departments and key workforce patterns, supporting data-driven HR decision-making.
- Developed an interactive Power BI dashboard tracking Attrition Rate, Headcount, Hiring Trends, Employee Performance, and Department KPIs to support workforce planning and retention analysis.

Airline Operations Analytics | *SQL · Power BI · Python* | GitHub

- Analyzed 1M+ airline operational records using SQL and Python to evaluate flight delays, passenger demand, aircraft utilization, cancellations, and route performance.
- Performed operational KPI and trend analysis to identify delay patterns, demand fluctuations, route-level performance gaps, and operational bottlenecks.
- Developed interactive Power BI dashboards tracking On-Time Performance, Load Factor, Revenue per Route, Flight Delays, and Cancellation Rate to support operational monitoring and process improvement.

Certifications and Achievements

- IBM Business Analyst Professional Certificate — Requirements, process modeling, stakeholder analysis
- Career Essentials in Business Analysis by Microsoft and LinkedIn — Requirements, process modeling, stakeholder analysis
- Google Business Intelligence Professional Certificate — SQL, data analysis, visualization, BI
- Cisco Data Analytics Essentials — Data analysis, visualization, and analytical fundamentals
- Deloitte Data Analytics Certification — Business insights, data interpretation, and analytical problem-solving
- Solved 250+ SQL and analytics problems across LeetCode and HackerRank.

Education

Delhi Technological University **New Delhi 2022–2026**
Bachelor of Technology (B.Tech), Software Engineering

Position of Responsibility

- **Cultural Council Society, DTU — Head**
- Led a team of 40–50 members and coordinated 11+ college initiatives and cultural events, contributing to large-scale events with 40K–50K+ total participants/attendees.
